

JOHN OF GOD

John of God is without a doubt one of the most successful and powerful full trance mediums, healers and psychic surgeons of the century.

At the Casa de Dom Inacio, where he has been for over 30 years, people from all over the world seek physical healing and spiritual growth from this extraordinary man.

There are some thirty three entities he incorporates at the Casa, so named after one of the guiding entities, St Ignatius de Loyola, founder of the Jesuits.

He performs visible surgeries without anaesthetic, the patient feels no pain.

His capacity to help people heal from many stubborn and serious illnesses is legendary. He has been studied widely and Dr. A. Arlete Savaris who headed a Brazilian university team concluded he was 'a phenomenal talent of unorthodox science.' It was observed that the 'people who sought cures returned home alleviated of their pain and desperation as if they had become new people.'
